

VXi Passport[®]

The VXi Passport delivers the kind of accuracy and clarity that professionals demand.

The professional headset professionals depend on.

The VXi Passport is a single-wire headset designed specifically for contact center and office professionals. Passport's advanced noise-canceling microphone, together with its high-quality speakers, delivers the kind of accuracy and clarity that professionals demand. No wonder leading companies around the world have come to depend on Passport headsets for clear, consistent communications. But that's not the end of the story. Users also depend on Passport's day-after-day-durable design to meet the rigorous demands of all-day contact center use. And since many users wear them all day long, they truly appreciate Passport's custom, adjustable fit and lightweight comfort.

VXi Passport headsets are available with VXi, Plantronics[®] and GN Netcom[®] /Jabra[®] compatible quick-disconnect styles to easily—and affordably—integrate with your current equipment base. Direct-connect versions are also available for phones with built-in headset ports.

Features

- **Professional headset solution** meets the demands of contact center and office use.
- **Advanced noise-canceling microphone and high-quality speakers** ensure everyone gets heard.
- **Durable design** stands up to extended daily use.
- **Lightweight and comfortable** for all-day, every-day use.
- **Interchangeability** with other headset brands lets you maximize your equipment investment.

VXi Passport. Clear communications and comfort you can count on.

Designed and built with business in mind.

Real-world convenience: Passport's single-wire design allows a less-restricted range of motion.

Increased productivity: Advanced noise-canceling and a high-quality speaker for "hear-you-the-first-time" communication.

Decreased distractions: The adjustable headband and kink-free, gooseneck microphone boom stay where you put them.

Safety first: Built-in hearing protection helps to avoid sudden and unexpected sound spikes.

Competitive compatibility: Passport headsets are available in three different quick-disconnect styles for compatibility with VXi, Plantronics® or GN Netcom®/Jabra® amplifiers and direct-connect cords.

- **Advanced noise-canceling microphone** blocks background noise.
- **Adjustable headband** clicks in place for a perfect, comfortable fit.
- **Kink-free gooseneck microphone boom** stays where you position it.
- **High-quality speaker** so you never miss a word.

Choose the model that's right for you.
